RICHARD BARTHELMLESS

in "Cabin in the Cotton"  
An Epic rivaling "The Birth of a Nation."

### COUNCIL VOTES \$10 TO JULY 1st ATHLETIC MEET

At the regular meeting of the Blairmore town council on Monday night, a deputation from the Blairmore Athletic Association waited upon that body for financial assistance toward the annual athletic meet to be held here on July 1st. The committee, Messrs. Harold Pinkney and J. V. McDougall, were well received, and a motion was passed granting the sum of \$50 towards the sports. An allowance of \$25 was also made to the M.W.U. of C., to help cover up a deficit in a recent picnic.

A number of applications for relief were handed over to the relief committee for action.

The by-law setting a minimum rate of \$2.00 for electric energy used for power purposes, received first and second readings.

A motion was carried setting aside all previous motions regarding peddlers' licenses, and setting a new license fee at \$15 per year. Objection to the reduction of license was made by Mr. R. W. H. Pinkney.

The sum of fifty bucks was granted the mayor to go to Edmonton to interview department heads on relief and other matters.

Councillor Peressini took strong exception to the mayor's proposition to have all work, relief or otherwise, done under the direct supervision of the public works committee, and asked that his resignation be accepted by the council. In denying his cap to leave the council chamber, he stated that this was the second time he had walked out, and that it would be the last time.

### EXTRA FEATURES PROMISED FOR JULY 1st CELEBRATION

A most enthusiastic meeting of the Blairmore Amateur Athletic Association was held at the Greenhill hotel last night, when matters in general connected with the July 1st sports programme were discussed.

The finance committee reported having sufficient funds in hand to ensure an attractive prize list, and communications received from points between Kimberley and Magrath gave assurance that unusual interest is being taken in the event here, mainly because of the olympic stadium, which is the only recognized track in this part of Alberta.

Religious announcements of the week, to be followed in a few days by large and attractive posters, giving further details. The programme will be issued on or about the 20th.

In addition to the race meet will be a 2 1/2-mile junior marathon, for which Mr. Ed. Royle has kindly donated a silver cup, to be competed for each year, but not to be won outright. The cup is to be known as the "Billy Royle Cup," and is intended to create interest in marathon running amongst athletes under 19 years of age.

A resolution was passed, thanking Mr. Royle for his liberal contribution towards this branch of sport.

Arrangements are being made for the staging of dances in the Columbus hall on the nights of June 30th and July 1st. Side attractions will include jingle board, house-housie, cats, etc.

The I.O.G.E. have been granted a concession to operate a refreshment booth at the athletic ground.

The grounds committee are busy, and hope to have everything in first-class shape for the big day.

### WELL-KNOWN LOCAL MAN DIES SUDDENLY AT CRESTON

"Scotty" Walker, well known in this district for a great number of years, following the occupation as a painter, died suddenly at Creston last week end. Walker was a native of Scotland, and was about fifty years of age.

### WEDDING CELEBRATION

A very happy event took place at the residence of Mr. and Mrs. Harry Blake on Monday night, when, after a secret conference, a host of their friends descended upon them like a cloud, to honor them on the anniversary of their wedding. The only member of the household that was wise to the event was Miss Crockett, for she will have to answer for the deception she played at some day of judgment.

After a splendid repast, which made Jack Depression go further round the corner and out of sight, the fun of the evening began in great style with a mock marriage, slightly different to the ceremony that years ago made Mr. and Mrs. Blake man and wife. As the wedding party marched down the aisle, preceded by the officiating minister, Mrs. A. Womersley, looking very severe and puffed up, and fully robed, to the strains of the bridal chorus played by the organist, E. D. Royle, it was a most impressive sight, and really brought tears to the eyes of the congregation.

The bride, Mrs. J. Maddison, looked charming in a Parisian gown, enriched further by a bouquet of paper flowers and prize carrots, and crowned by a diadem of dandelions. The bridegroom, Mrs. T. Marks, truly represented the down-trodden type. "He" did not look too willing, but had to go. George Brown said that it reminded him of a similar event of long ago, in which he took part, which left him bleeding and maimed for life, and that it has only been through his having a strong constitution that he has lived up to the present day. But George feels he will be rewarded and may yet sleep in peace. As objector to the marital bonds, Mrs. Royle failed to present a proper case, with the result that it was waived at one side by the minister. She was prophesied by jealousy, more than anything else.

The bride was given away by Mrs. Archer, who for some reason or other seemed glad of that opportunity. By heck she did! The best man, Mrs. S. Price, fully sustained her part—she held the bridegroom up. Little Mrs. W. Oakes performed the part of bridesmaid, while Mrs. C. Miller, acting as flower girl, was very bewitching. Mrs. Wheatcroft carried the bowl to receive the tears that were shed. She was delightful. At last, however, the bridal pair were declared truly joined as man and wife, and left for their honeymoon, to be kept at the new townsite, followed by best wishes of all. Dancing followed. Arthur Blake gave a splendid exhibition of the Texas twister reel from which he is fully expected to recover. Mrs. Womersley's display a mannikin was astounding. Already she has received several offers from the big departmental stores to act as their agent. The fun was kept up until midnight and closed with "He's a Jolly Good Fellow" and "Until We Meet Again." The solos by Jimmy Gray and Alf Womersley were much appreciated. Among those present were: Lady Hadwell, Mr. and Mrs. J. Maddison, Mr. and Mrs. S. Price, Mr. and Mrs. T. Hadwell, Mr. and Mrs. R. Tonge, Mr. and Mrs. W. Oakes, Mr. and Mrs. C. Miller, Mr. and Mrs. R. Kerr, Mrs. Wheatcroft, Mr. and Mrs. George Brown, Mr. and Mrs. T. Williams, Mr. and Mrs. E. Royle, Mr. and Mrs. A. Womersley, Lady Tinline, Mr. and Mrs. D. Rees, Mr. and Mrs. T. Marks, Mr. and Mrs. James Gray, Mrs. Archer, Mr. and Mrs. Blake, Miss Phyllis Brooks, Miss Florence Crockett and Arthur and Gwylm Blake.

### GOLF TOURNAMENT THIS WEEK END

The annual tournament of the Crow's Nest Golf Association will take place here on Saturday, Sunday and Monday, and a large attendance from outside points is anticipated.

## Special Showing

A Complete Display of the Season's Smartest Styles in Women's Wearing Apparel will be featured by Palmer Bros. Ltd., of Calgary at our Store on

Friday and Saturday, June 9 - 10

## NEW FROCKS

Just Arrived. A Shipment of Stunning New Frocks, figured chiffones, size 14 and 16 only, at \$11.50

F. M. THOMPSON CO., LTD.

The Golf and Country Club course is in excellent shape for the tournament, which will commence at 8 a.m. on Saturday.

The annual meeting of the association will be held at the Greenhill hotel on Sunday evening at 8.30. Officials of the association are: William Kerr, Bellevue, president; J. B. Wilson, Blairmore, vice-president; Frank J. Smith, Hillcrest, secretary of tournament, and M. A. Beale, Cranbrook, recording secretary.

### ALL ROADS WILL LEAD TO BLAIRMORE JULY 1st

The public are keenly interested in the great sports day to be staged at the Blairmore Athletic Stadium on July 1st. This stadium constitutes the only recognized olympic track in Southern Alberta.

That the day will be a success depends entirely upon the actions of the weather man. Athletic competitors will be present from all points in southern Alberta and southeastern British Columbia. The programme will include the usual track and field sports, baseball, football, softball, etc. A feature of the day will be a football match between Blairmore and a team from the Blood Indian reserve. The annual five-mile marathon for the Pinkney cup will also be on the programme, and possibly a three-mile junior road race, and the annual bicycle race for the beautiful cup donated several years ago by Mr. S. Trono.

A dance at night is promised.

### TWO HUGE CHEQUES ARE RECEIVED BY PROVINCE

Two cheques of \$2,711,600 each, were received by the provincial treasurer last week from the treasurer of the Northern Alberta Railways, representing five million dollars from the Canadian National and Canadian Pacific railways as an instalment on

the purchase price of the northern railway lines, plus \$423,200 interest. Much satisfaction was expressed by Mr. Reid, the provincial treasurer, on receipt of these funds.

Equal promptness was observed by the government in meeting an obligation of its own, maturing the same date in New York. This was a matter of retiring a debenture issue of \$2,000,000. The next big maturity will be in November, when a three million dollar debenture issue will fall due in New York.

An exchange carries a heading: "Don't be a Laura!" Wonder why?

## SAFeway STORES

DISTRIBUTION WITHOUT WASTE

REVOLUTION PLANS  
ARE WELL KNOWN

The Toronto Mail and Empire reveals some important information on the recent conference in Winnipeg of revolutionary organizations affiliated with the Workers' Unity League, which has its headquarters in Toronto. About one hundred delegates were present, representing fifty organizations whose chief aim is the overthrow of the present social system.

One of the leading speakers explained the methods followed by the Soviet Union prior to the Russian revolution and he added that the Workers' Unity League has a similar object in view in this country. That object is to set up a minority class government such as prevails in Russia at the present time. He said that Canadian workers would have to collect firearms and organize as the Russian workers did previous to the revolution in that country. The central idea of the proposed revolution here is to keep the railway workers from operating the railways, the metal workers from making ammunition and the needle trade workers from making clothing for soldiers when the time to rise against the government arrives.

It is of particular interest that this particular agitator urged the setting up of revolutionary groups among school teachers and in relief camps. He said that meetings of these types of citizens are being held in Toronto and elsewhere regularly.

The Mail and Empire asserts that the Canadian authorities are fully informed as to what has been going on and have quietly taken the necessary preventive steps. Messages between the revolutionaries and the Bolsheviks in Russia have been intercepted frequently, and all subversive plans are known.—Ex.

FITTING SUBJECTS  
FOR KNIGHTHOOD

Recent events would lead to the conclusion that Premier Bennett is flirting with the idea of restoring titles to Canada. We have gotten along nicely without them for over a dozen years but apparently a demand for them has arisen and a "demand" for anything must be gratified these days.

In all candor we must admit that we are not in favor of the bestowal of titles in Canada. There was always too much hypocrisy about the way the knightships were handed around in the years when such favors were bestowed in the Dominion. Canadians are not a kow-towing people and the way the populace had to bow and scrape to some fat banker or politician in the days when "knighthood" was in flower in Canada was disgusting, besides exposing the people to "housemaid's knees."

If the day is coming in this country when titles will be once more handed out, we would suggest a new policy in deciding upon the elect. Instead of choosing some shrewd financier or some polished manufacturer, pick out a lean homesteader, a miner or an engine driver.—Hanna Herald.

This year will mark the 100th anniversary of the spanning of the Atlantic by the Royal William, a Canadian built vessel, the first to make a crossing from mainland to mainland entirely under her own steam. The Royal William was constructed by the Canards at Quebec, and sailed from Pictou on August 18th, 1833. She took twenty-five days for the passage and consumed 530 tons of coal.

GEORGE COFFE, M.P. IN THE  
HOUSE OF COMMONS

I want to suggest to the minister, if he has not already so decided, that the bonds to be issued under this act should be payable only in lawful money of Canada, not in gold or in foreign funds.

Then I suggest to the minister that these bonds contain a provision under which the government may call them in at any time. I think the minister will realize the wisdom of such a provision.

Incidentally, I also urge that our money policy be such as to maintain as nearly as possible stable purchasing power for money which is paid in interest to the bondholder. I think that would be one of the first steps to lower interest rates in Canada. I do not think it necessary to remind the minister of the necessity of lowering these rates.

One step has already been taken by lowering interest rates on savings bank deposits. The chief factor governing interest rates in Canada, particularly on long-term obligations, is the rate paid on Dominion of Canada bonds. I would just like to remind the minister that our public debt, that is provincial, municipal and Dominion, now amounts to over six and a half billion dollars, which at an average rate of five per cent—I think we are paying more than that—means an annual interest charge of \$325,000,000. I just mention these figures to impress upon the minister and the house the necessity of lowering interest rates.

Lastly, I want to suggest to the minister that the new loan should be floated at a very much lower rate of interest. I think he should fix three per cent as the rate to be paid on these bonds. I believe that rate is justified by the price level obtaining in Canada now. Whatever the government may decide as to the rate, the principles enunciated by the prime minister three or four years ago should be followed now, and banks and insurance companies, particularly insurance companies, should be compelled to invest a percentage of their reserves in such bond issues.

11 a.m.—Holy Communion in the church.

SINGLE JOBLESS WILL

CONSTRUCT LANDING FIELDS

Continuation of the construction of landing fields on the Crows' Nest Pass air route to the Pacific coast is announced, with unemployed single men going from the cities to the work, which is under supervision of the department of national defence.

Military District No. 13. The men will be given food, clothing, sleeping accommodation, medical care and tobacco, plus an allowance of twenty cents a day. It is understood the work will consist of clearing, stumping and grading engineering landing fields, but no permanent buildings or hangars are being erected at present.

These fields will form part of the chain through the Crows' Nest Pass, which is favored as the most likely route for air travel from coast to coast.

THE PASS SIXTEEN YEARS AGO  
(The Blairmore Enterprise, 1917)

January 5.—Mike Rosse has been sentenced to serve three months as deputy mayor of the town of Blairmore.

The town council arranged with the Union Bank for a loan of \$18,000 to carry the town to the end of July.

Raskevitch Bros. closed the Southern Hotel at Bellevue this week.

B. B. Tennant resigned his position with the West Canadian Collieries at Bellevue to take up a new position at Lethbridge.

Herb Barlas, as district deputy, will install the Oddfellows' officers at Bellevue next Monday.

A daughter was born this week to Mr. and Mrs. Milton Robinson at Cowley.

Mr. and Mrs. Walter S. Ott were down from Coal Creek on a visit to Rev. W. T. and Mrs. Young at Frank.

Evan Morgan, John Anderson and Frank Weir were chosen to represent the Frank union on the Patriotic Fund committee.

Mrs. W. T. Young acknowledged receipt of twenty-five dollars from the Bohemians of Frank toward Red Cross funds.

It costs France forty cents a day to feed a soldier.

Al. Manuel is offering the Frank hotel for sale.

The Blairmore Enterprise decided to donate the office towel to the Red Cross Society. It was quite clean, having been thoroughly washed ten years ago.

In a letter from France, we learn that Lieutenants Fliher, Donkin, Cherry, Grafton and Joyce are with the 34th Battalion; and Lieuts. Barnett, Dimsdale and Buchan are with the 102nd.

Young W. A. Beebe attended the New Year ball at Fincher Creek.

School reopened this morning with the following staff of teachers: C. E. Pearson, principal; Misses E. M. Fulton, K. B. Darrach, V. J. Keith, E. M. Foster and Anna Fulton.

January 12.—This week's issue of The Enterprise appeared as a Red Cross Number.

Z. Vere died suddenly at Passburg on Wednesday, aged 73.

Word was received that Joe Gibson was killed in the mine at Pocatopas. He left Blairmore only three weeks previous.

A daughter arrived to Mr. and Mrs. James Haddad at Bellevue, and another to Mr. and Mrs. A. Boutry.

The question of incorporating Bellevue as a town is being considered.

The marriage of Miss Florence Gilmore, of Cowley, to William Willoughby, took place at Burnis on New Year's Day.

Martha Willoughby is attending school at Cowley, and is staying with her sister, Mrs. E. McEwen.

The Passburg school reopened last week, with Miss Helen McCarthy as teacher.

Ralph Connor, addressing a meeting at Winnipeg, said he would as soon think of depriving the soldiers at the front of their rifles as of their daily rations of rum.

Phil Christophers was this week elected secretary-treasurer of the Crows' Nest Pass Conservative Association.

A Blairmore girl visited Cowley and noticed a man at work in one of the fields. "What do you run that big roller over the field for?" she asked. "We are going to raise mashed potatoes," he replied.

A somewhat happier yarn is passed on to us by a local bank manager. It seems that a man met a friend coming out of a bank, all smiles. "Why all the joy?" he asked, and was told that a loan of \$3,500 had just been successfully negotiated. "What did you put up as security?" the friend asked. "Oh, I gave the bank \$5000 in Victory bonds," was the reply.

"Well, you gave them plenty of security. Why such satisfaction?" "Ah, but you don't know the joke. I have \$5000 more in Victory bonds at home that the bank doesn't know anything about."

## TOWN OF BLAIRMORE

Notice is hereby given, that under the provisions of The Tax Recovery Act, 1929, the following lands will be offered for sale, by public auction at the Town Hall, Blairmore, on Wednesday the 14th day of June, 1933, at 2 o'clock in the afternoon.

BELLEVUE

## District News

From Our Own Correspondents

### BELLEVEUE HAPPENINGS

A miscellaneous shower was given in honor of Mrs. Wayne Mills (nee Miss Avis McDonald) at the home of her parents, Mr. and Mrs. N. McDonald, on Friday evening last. Bridge was enjoyed during the early part of the evening, after which a dainty luncheon was served. Bridge honors were won by Miss Matkin, Mrs. McIntyre and Mrs. Fisher, senior. On behalf of the gathering, Mrs. Don McDonald presented Mrs. Mills with a well-filled basket of beautiful gifts. Miss McGregor, of Crow's Nest, was guest of Miss Morris on Saturday.

Gordon McIntyre, of Vulcan, was a week-end visitor here.

Miss Enos Chiaravano and Luther Goodwin, of Calgary, returned home last week end.

Mr. and Mrs. Wayne Mills left on Saturday for Windsor, Ontario.

Mrs. F. Padgett, Mrs. G. Coupland, Mrs. J. Shevels and Mrs. Fred Wolstenholme returned home from Banff the latter part of the week.

A number of Bellevue boys climbed Turtle Mountain on Sunday last.

Mr. and Mrs. E. C. Cosstick and family spent the week end at Waterton Lakes.

Mr. and Mrs. James Cousens and family spent Sunday at Waterton Lakes.

Dr. G. W. Kerby, of Mount Royal College, was a visitor to the Bellevue high school on Monday.

### HILLCREST HAPPENINGS

L. Altham, of Calgary, visited Hillcrest last week, while motoring through to the coast.

Mr. and Mrs. M. Walker were Lethbridge visitors last week.

J. Norton, senior, of Calgary, was visiting friends here last week.

Alice Grosche returned home from Calgary on Wednesday last.

Cliff Letcher, of Calgary, was a Hillcrest visitor last week.

James Lote returned last week from a visit to England.

Professor J. A. Allan, of the University of Alberta, and staff of surveyors, are located at Hillcrest for

the purpose of making a complete survey of Turtle Mountain on behalf of the provincial government.

Bob Warriner is a patient in the local hospital.

Dr. and Mrs. G. B. Rose motored to Calgary on Monday.

A visiting Coleman football team was defeated by a local team here on Saturday to the tune of 3-1.

Helen Westrup returned Thursday from Calgary, where she had been attending normal school.

### COWLEY HAPPENINGS

A double-header baseball game was played at Cowley Sunday last, Todd Creek having arranged to play both Cowley and Porcupine teams. The Todd Creek-Cowley game resulted in a win for Cowley 7-6, the score up to the fifth inning being 3-1, and indicated tight play, the extra scoring being the result of errors. In the second game, the play was good for a time and in favor of the Porcupines, but Todd Creek benefited by errors, as well as their opponents, and finally nosed out Porcupines by a 5-4 score. Umpires, Snyder, Smyth and Labrie. A good crowd was on hand.

Misses Edith and Sylvia Murphy were week end visitors to Blaimore. Mr. and Mrs. Niven, of Lethbridge, were week end guests of Mr. and Mrs. Archie Swart.

On Friday afternoon, a softball game between Cowley and Lundbreck school teams was played here, resulting in a score of 13-14 in favor of Lundbreck.

The Ladies' Aid of the United church held their regular monthly meeting at the home of Mrs. A. J. Snyder on Thursday afternoon.

St. Joseph's church was tastefully decorated with flowers of golden hues, in honor of the auspicious occasion, when the golden wedding of Mr. and Mrs. Remi Dionne, of North Fork, which took place on April the 16th, fifty years ago. The celebration was held on May the 24th, nature adding to the joys of the event by lending perfect weather on that day. High Mass was offered by the pastor, Rev. Father O'Dea, and he expressed congratulations in French, which was followed by a very inspiring sermon, delivered in English by Father Harrington, of Blaimore. After a light breakfast at St. Joseph's rectory, Mr. and Mrs. Dionne and family motored to their home at Heath Creek, where a very elegant banquet awaited the happy couple, and where they sat at a table which groined under its weight of good things to eat, prepared with all the culinary skill of the modern housewife. It was here, amidst his fifty-four guests, that Mr. Dionne, with his good wife by his side, renewed his youth, as many tales and anecdotes went the rounds, with himself being in the limelight, when he related his experience with troublesome Indians and encounters with rattlesnakes many years ago, when living on the plains with his young wife and growing family of children. During the afternoon, softball games were played, and everyone enjoyed themselves. In the evening, music was provided, when old-time dances were tripped by the fantastic toe at a lively pace until midnight, when a dainty and appetizing luncheon was served. Among those present were: their sons, William, George and Lawrence, Mr. and Mrs. E. Dionne and family, Mr. and Mrs. L. Dionne and family, Mr. and Mrs. F. Dionne and family, Mr. and Mrs. Belenburn and family, Mr. and Mrs. Oliver and family, Mr. and Mrs. Robinson and family, Mr. and Mrs. Smith and family, and Mr. and Mrs. Anderson, George Cleland, George Ingham, Mrs. J. Spears and family, P. Patterson and Father O'Dea. Mr. R. Dionne was born in the year 1865 at St. Agathe, near Winnipeg, his parents having come west from around Montreal. Later on, they settled in North Dakota. It was here that Mr. Dionne met and married his present wife, Rosalie St.

### MRS. ALFRED PELLETIER DIES AT PINCHER CREEK

PINCHER CREEK, June 5.—St. Michael's R. C. church was crowded long before 9.30 on Monday morning, June 5, when funeral services were conducted for the late Mrs. Alfred (Philomena) Pelletier, whose passing at 5.30 p.m., on June 1, at the age of 64 years, caused widespread deep sorrow and regret. Rev. Father Tessier, O.M.I., was assisted by Rev. Father Dennis, and Rev. Father Godeau, of Brocket. Other priests present were Rev. Fr. Harrington, of Blaimore, and Rev. Fr. Anderson, of Calgary. Requiem high mass was sung by the choir and solo hymns by Mrs. L. L. Morgan, of Blaimore, in English and Brod. Lavasseur in French.

By request of the deceased, Mrs. L. L. Morgan sang "The End of a Perfect Day" at the home, with Mrs. F. M. Herndon, nee Agnes Pelletier, accompanying.

Over seventy cars joined the cortege which followed the body to its last resting place.

The pall-bearers, all Knights of Columbus, were J. E. Gillis, Blaimore; James Smith, Lundbreck; F. O. McKenna, Dr. Dubuc, Henry Marquis and John Braniff, Pincher Creek.

Many Knights of Columbus were present from Blaimore and other centres to show sympathy to the bereaved husband who is deputy grand knight of that order.

Masses of floral tributes and numerous spiritual offerings bore tribute to the high esteem in which deceased was held.

The late Mrs. Pelletier was born at Wallowa, Union county, Oregon, and at the age of four years came with her parents, Mr. and Mrs. Lagrandeur Du Montele and three brothers, taking three months travel by covered wagon through Montana and by Deupcey, Cut Bank, Milk River and Fort Macleod to Brocket. She was educated at St. Mary's Academy, Winnipeg, and achieved distinction there through her studies and was an honor student in music. In 1895 on January 7, she married Alfred Pelletier and together they have farmed on the present land, gradually increasing their holdings to over 2000 acres and specializing in pure-bred stock, notably Shorthorns and Percherons, until now the name of Valleyview Stock Farm is known near and far.

## Brewing is a Scientific Art

BLAIRMORE

This advt. not inserted by the Alberta Liquor Control Board or the Government of the Province of Alberta.

The marriage was solemnized at the home at the mouth of Pincher Creek, the old stopping place of Macleod and Pincher before the railroad was built. Always a community mother and active member of the Alst. Society and her church, she displayed as much courage and patience in her sickness as had made her beautiful character known and admired in the bringing up of her family of thirteen and her pioneer work in the community.

Beside Mr. Pelletier, there are eight daughters and five sons, all living and six grandchildren. Agnes, Mrs. Francis M. Herndon, of Washington, D.C.; Dolly, Mrs. J. W. Dowd, of Pueblo, Colo.; Alma, Mrs. J. S. Crough, Bend, Oregon; Irene, Mrs. M. D. Watts, Birmingham, Mich.; Alice, of the Galt hospital staff, Lethbridge; Betty, Adeline and Antoinette, at home; George, in Philadelphia; William, Imperial, Cal.; Henry at Morville, Alberta; Teddy and Gerome (Bunny) at home. Also she is survived by her mother, to all of whom the community's deep sympathy is extended.

A number of policemen in Chicago are reported ill with measles. At last, a Chicago policeman has caught something!

'Now, here's a good one: The Innisfail Province offered an engraved silver cup to the first baby born on June the 8th, 1933, if the parents are paid up subscribers to that paper.

Col. Hugh Clark writes: A Canadian poet says that any teacher who teaches pupils to parse and analyze poetry should be hanged, drawn and quartered. Poetry, as a rule, may stand for parsing, but won't bear analysis.

James Tudor Jackson, son of Judge and Mrs. Jackson, of Lethbridge, has passed his final examination in law at Osgoode Hall, Toronto, and will shortly be called to the bar. He is at present with the law firm of Plaxton, Sifton & Co., Toronto.

Father O'Brien had preached on "Married Life and Its Duties," and an old Irish woman said to her friend as they came out, "Sure it's a fine sermon his reverence gave us this mornin'." "It was, indeed," the other woman replied, "an' it's me that's wishin' Oi knew as little about the matter as he does."

Miss Priscilla Hammond, aged 21, graduate of the Alberta University and daughter of Mrs. Edith Burnett Hammond, of Banff, died suddenly on Thursday last of heart attack. Death occurred an hour after she had returned home from horseback riding. She is survived by her father, F. L. Hammond, and four sisters, Agnes, Lois and Edith Hilda, of Banff, and Gwendolyn in England. T. M. Burnett, of Lethbridge, is an uncle.

The new debt adjustment act of the province, passed at the last session, came into force on June the 1st.

Two young men of about twenty-one years of age, were drowned while fishing near Creston last week end through the upsetting of a boat.

At the annual convention of Alberta Elks at Lethbridge on Monday, Alex. McIntyre, of Calgary, was elected president, and Tony McKinley, secretary-treasurer.

Paris has decreed the short skirt will be worn no longer. That is to say, no longer will the short skirt be worn. Or, in other words, the short skirt, while remaining relatively short, will be worn longer, or at least—well—anyway!

The Royal Canadian Mounted Police, formerly the Royal Northwest Mounted, celebrated its diamond jubilee in May, the force being established just sixty years ago. The first post in Alberta was established in 1874 on the site of the present town of Macleod.

Five carloads of live lobsters were recently shipped from Charlottetown, Pictou and Point du Chene to Boston and other U.S. markets.

The marriage took place here on Saturday last of Miss Bertha, daughter of Mr. and Mrs. R. Taylor, Michel, to C. Pokorney, of Natal.

Archibald McTeer, widely known Alberta manager of the Sun Life Assurance Company of Canada, died at Calgary on Wednesday morning of last week, at the age of sixty-seven years. He was a prominent Liberal.

The cheery fellow met a friend at a dance. "Well, well, old man," he said happily, "so you're married at last! Allow me to congratulate you." He paused and then added with a sly smile: "I hear you have an excellent and accomplished wife." The newly wed nodded. "I have indeed," he replied. "Why, she's at home in music, she's at home in art, she's at home in books, she's at home everywhere except—" "Yes, except what," came the inquiry. "Except at home," the other dolefully replied.

"Fresh from the Gardens"

## Vacation Days.

Schools all over this western land will soon close their doors for the summer months and tens of thousands of boys and girls will joyfully welcome the "holidays."

In offices and shops week by week employees and employees will for longer or shorter periods relinquish their tasks to enjoy their hard earned summer vacation.

Work on the farms will ease up a bit following Spring activities and during the period while the crops grow and ripen for the harvest.

In a word, Western Canada's short playtime period is at hand. It is a time to forget, as far as that may be possible, the worries and difficulties of the months of depression, and for the younger generation in particular every reasonable effort should be made to make the next two or three months as happy and health-giving as possible, with life lived largely in the open.

There will not be much money to spend, and vacation plans will have to be made upon a cheap scale by most people, but that is no reason why these holidays should not be just as enjoyable as if planned in a much more elaborate and expensive way.

Long journeys may be out of the question, but fortunately Western Canada has been blessed by nature with an abundance and variety of lovely summer resorts and camp sites which can be reached easily and at little expense, and where the daily cost of living is extremely low. Such a vacation will serve to remove the strain and worry of school studies and exams, which youth has been undergoing, and blow away the fogs of the depression in which all people, young and old, have been living. It will mean renewed mental and physical vigor.

Fortunately, too, in this year when money is not a plentiful article where to make trips to other provinces or countries, opportunity is being afforded right in the heart of Western Canada for a holiday which combines all the essentials of an enjoyable, worthwhile respite from daily toil—a holiday that will provide relaxation, entertainment and thrills combined with educational features and opportunities never before offered in this Western country, and all at small expense.

Reference is to the World's Grain Exhibition and Conference to be held at Regina during the last week of July and the first week of August. This will be a truly wonderful exhibition, a magnificent enterprise. Over thirty nations, states and provinces will be represented in the specially constructed quarter of a million dollar building, having a floor space of 148,000 square feet, and actually miles of exhibits. It will be not only a sight worth seeing, but a great education.

A vacation visit to this great exhibition, which will be the result of three years of intensive preparation, will not be a costly one. For the people of the prairie provinces, the distance to be travelled is short, and especially low rates on the railways will make the journey within reach of most people, even in these days of restricted finances. A huge city of tents will be built adjacent to the exhibition grounds, with modern facilities provided, where groups and families can stay at the very minimum of expense, and will constitute an ideal outing for motor parties from all over the land.

Western Canadians, old and young, need not deny themselves a real and enjoyable vacation this summer. They owe it to themselves to take all the enjoyment and recreation they can from the opportunities afforded them. They will be better for it, whether it be the spending of a lazy time at some camp or small summer resort, or in a visit to the big world show at Regina. In any event the cost will be less than the cost of the same trip to any other place, and to appreciate it and its possibilities, and many of them can combine with it the obtaining of a glimpse of the world, and more especially of those nations which are engaged in the same major activity as the people of Western Canada, namely, agriculture.

So—take a holiday. Pack the family in the old car and hike away to some new scene. Life is in the open, rambling over the country side. Go fishing. Let the boys and girls paddle and swim, enjoy out-of-doors games, gather around the bonfire at night for an old time sing-song. Everybody will be the better for it.

## Long-Lived Monarchs

## None Have Occupied Throne As Long

As Queen Victoria King George recently attained the 23rd anniversary of his accession to the throne as compared with the nine years' reign of his father Edward VII. Counting from 1154 when the House of Plantagenet was established he is now exceeded in length of occupancy of the throne by twelve others: Queen Victoria, 63 years; George III, 59 years; Henry III, 56 years; Edward III, 50 years; Elizabeth, 44 years; Henry VI, 39 years; Henry VIII, 38 years; Charles II, 36 years; Edward I, 35 years; George II, 33 years; Henry VII, 24 years and Charles I, 24 years.

Creation of "super sheep," giving more and richer wool, has been made possible through gland transplantation, Dr. Serge Voronov declared at Grinnell, Italy.

Panama has modified its import duty on perfumery. "to encourage tourist trade."

Dickens delighted in ornamenting himself with costly jewelry.

## Rotating Reserve Plan

## U.S. Navy Department Adopts This System

The rotating reserve plan by which Admiral William V. Pratt, chief of naval operations, hoped to save a large sum of money by keeping one-third of the United States fleet in reserve has been abandoned by the navy department because a study shows the savings would be only \$5,000,000.

Secretary Claude Swanson, of the navy, said that only the destroyers and submarines now on a rotating reserve plan would be laid up at any time.

## Historic Cottage Sold

Adam Bede's cottage in Derby road, Wirksworth, Derbyshire, England, which was the setting for George Eliot's famous novel, "Adam Bede," has been sold by auction. The property belonged to a resident of Manchester and the new owner is W. Dooey, a local news agent, who paid \$975 for it.

Many thousand laborers are harvesting this year's large sugar crop in the Dominion Republic.

## Palpitation of the Heart Nerves Bad—Could Not Sleep

Mr. Fred Bligham, Swift Current, Sask., writes—"I was bothered with palpitation of the heart, and my nerves were so bad I could not sleep."

"I was getting desperate and confided my trouble to a friend who recommended me to use Milburn's Heart and Nerve Pills. I purchased a box and got such relief I would gladly recommend them to all who are troubled as I was."

For sale at all drug and general stores; put up only by The T. Milburn Co., Ltd., Toronto, Ont.

## Burning Ten Million Yearly

## Figure Given As Forest-Fire Loss in Canada

Figures compiled by the Forest Service of the Department of the Interior show that the annual forest-fire loss in Canada for the ten year period 1922-31 was \$10,000,000. It is something that appals. Canada's forests are among the richest of her heritage, and the fact that we, the trustees of that heritage, should be sending it up in smoke at the rate of \$10,000,000 a year, is a blot upon our capacity as a people. The melancholy aspect of it all is that most of this loss is the result of indifference, or a carelessness that will not heed warning or educational propaganda. We talk loudly about the exploitation of promoters and about the failures of the newspaper industry, yet all the time we permit or cause a condition which is doing more to ruin our forests than all the capitalists and greedy promoters combined. It is one of the discreditable things in our whole scheme of national economy.—Ottawa Journal.

## NURSE LOSES 7 LBS.

"I weighed 145 lbs.," writes a nurse, "when I bought the bottle of Kruschen Salts which I have just finished. I have taken a good half-teaspoonful in a glass of hot water every morning. Now I weigh 138 lbs., a loss of 7 lbs. I am very glad to have lost weight, especially without trouble."—M.H.R. (Trained Nurse). Unless most salts and most laxatives simply a laxative. When you take Kruschen Salts you not only stimulate your liver and kidneys to function naturally and perfectly, but you supply every internal organ, gland, nerve and fibre of the body with Nature's own revitalizing and rejuvenating minerals. Get a bottle of Kruschen Salts today, and take one-half a teaspoonful in a glass of hot water every morning before breakfast. Before the bottle is empty you'll feel years younger—eyes will brighten—step grow sprightlier—nerves steadier—you'll sleep sound, enjoy your meals and after a hard day's work you'll be ready for wholesome recreation—all million women already know all this.

## World Meat Reserve

## Experts Believe Reindeer Will Add Greatly To Supply

Experts believe that a great world meat reserve can be established in northern Canada, and that the millions of acres hitherto regarded as waste land will give the empire a useful and cheap addition to its meat supply. They expect that a vast business organization with a cold storage plant and transport installation will result from the successful migration of a large herd of Alaskan reindeer.

When the herd has developed sufficiently, timed reindeer meat and tenderloin—held to be a great delicacy—will be copiously available, as it will be of the greatest use, as it provides their own food, even in mid-winter. They are generally regarded as the most widely versatile animals in the world.

## Turks Eat Little Meat

## Quantities Of Rice, Bread, and Fish Constitute Meal

One of the best ways of getting to know a man or a nation is to study what he eats. The inhabitant of Constantinople is a big bread eater and a tremendous rice eater. Strangely enough, considering what a fighter he is, he does not go in for meat very much. He will devour at a single sitting huge quantities of boiled corn, Indian corn, stewed barley, haricot beans, lentils, and subergines. He cooks in olive oil and will eat fish of any freshness—just out of the sea or in the last stages of decomposition.

## One Kind Anyway

A clergyman one Sunday night preached from the text "Who is my neighbor?" and asked that it was "He that showed mercy to him." And all along some of us thought it was the fellow who broke our snow shovel last winter, and would be along in a few days to borrow our lawn mower.

## What He Wanted

"I don't know about granting you another divorce, Jake," the judge said. "You've had three already and if I grant you another you'll simply go and get married again."

"Oh, no, judge your wife," Jake protested. "I ain't figurin' on that 'till—I jes' wants you to put me out of circulation."

"How far have you and your wife got in your plan to buy a new car?"

"We've got to the point where we don't speak."

Bolivia has a shortage of merchandise, particularly luxuries.

## Freight Shipments By Air

## Imperial Airways' Report Shows London-Park Business Growing

Imperial Airways reports latest available information on the growth of air-borne freight traffic show a definitely favorable trade balance as far as the United Kingdom is concerned. Officials of the company detailed improvement in freight traffic this time.

Goods air-borne between London and Paris during the first three months of this year were 30 per cent. in excess of those for a corresponding period of 1932, while, illustrating the trend of trade, goods exported by air during the first quarter of this year were three times more numerous than those imported.

Altogether, during January, February and March, 1933, more than 200 tons of freight were air-borne between London and Paris.

Comparable increases were also recorded in the weight of mails carried by air from this country during the first three months of this year, while passengers, flying between London and Paris, increased 60 per cent. during January, February and March as compared with similar months in 1932.

Traffic also continues to develop briskly on empire as well as on continental routes. Empire air mail loads, for example, show appreciable increases, while traffic generally is growing to such an extent, particularly on sections of our Africa service, that our carrying capacity has been amplified considerably by the employment of large aircraft.

## Competing For King's Cup

## Aeroplanes Of Many Types Entered

Aeroplanes of many types will race all day over the English countryside, extending 200 miles north of London, when the contest for the king's cup is decided July 8.

Sixty, six of which are Royal Air Force biplanes, have been chosen by the Royal Aero Club as turning points in the race. They are: Felixstowe, Birmah, Newton, Cranwell, Desford, Wittering, Henlow and Upper Heyford. Desford is the only civil airfield in the circuit, but Royal Air Force biplanes will be stationed at each of the airports to see that competitors circle the turning points properly.

Starting at Hatfield airport, just outside of London, the race will be flown in four rounds, each starting and finishing at Hatfield. Each round will be flown over 200 miles and must be completed without a stop.

Only British machines, entrants and pilots are allowed to compete, and all pilots, whether amateur or professional, must produce proof of having flown at least 100 hours before the race. Almost every type of British-built plane will be seen in the race, and they will be handicapped according to engine power and performance.

## Uncovers Roman Pavement

## Farmer's Plough Reveals Rare Find Near English Village

While a farmer named Robson was plowing in a field at Rudston, a village near Bridlington, England, he noticed that the share turned up tiny figures of colored chalk. His curiosity aroused, he began to dig, and less than two feet below the surface he came across a Roman pavement.

Finally, he laid bare a stretch 54 feet by 15 feet, in which there appeared, with amazing clearness of coloring, the heated head of a Roman man with floral decorations about it. A representative of the Yorkshire Archaeological Society saw the remains and pronounced them to be those of a Roman woman in a good state of preservation. There are two distinct pavements—one tessellated and the other in fine scroll work.

## Served Former Purpose

That bottle picked up on a Yucatan beach after bobbing 5,150 miles in one year from the day it was tossed overboard will be regarded as having served a higher purpose in establishing the drift of ocean currents than in conveying a message to the mate's wife that he would be late in getting home for supper.

"Did you sleep well, sir?"

"Wonderfully." You remember I dreamed the night before last that somebody gave me a bad \$5 note? Well, last night I managed to spend it."

Overproduction, they say, has plunged agriculture into the pits it is in. That is, if there were not so many good farmers there would not be so many poor farmers.

## Background For Exhibit

## Map Of Canada Will Be Flood-Lighted At Chicago Exposition

History was made in Montreal when Gordon Hammond, internationally famous scenic artist, saw his latest effort, the largest map in the world, a map of Canada in colors, 30 by 130 feet, leave for the Century of Progress Exposition in Chicago where it will hang, framed and flood-lighted, as a breath-taking background for the Canadian exhibit in the great hall of the travel and transport building, in which the Dominion Government, the Canadian Pacific and the Canadian National Railways are participating.

The Canadian coat of arms in color, measuring approximately seven by eight feet and surrounded by the word "Canada" in huge cut-out letters, will hang from the centre of the map at the top and constitutes another record achievement in that it is the largest photographic enlargement made to date in the Dominion. The third record is that the complete map, models, dioramas, etc., have been completed in about three weeks, when ordinarily the job would have taken three months. The result has been a real triumph for Canadian artists, Canadian material and Canadian methods.

The huge map, of course, will be the main attraction, containing as it does farming and mining areas, national parks, both trans-continental railway systems on general lines, principal resorts and cities, and three large cartouches or inserts in which information concerning Canada as a land of opportunity for industry or tourists, is presented in condensed form. Its message is easy to grasp, its huge size immediately impresses one with the vastness of the Dominion, and as one stands back from it, it is then that Mr. Hammond's ability becomes evident. One has the sense of being high above the earth looking down at a scene stretching from the Aleutian Islands in Behring's Seas to Iceland and from the Arctic to Southern Illinois, in which every detail appears.

## Solves One Problem

## New York Church Replaces Choir With Record Music

The problem of maintaining a choir when economic conditions prohibit has been solved by the Presbyterian Church of the Convent at New York.

Phonograph records of choir singing are played and amplified at the Sunday evening services. The congregation sings to the accompaniment of electrical transcriptions of the choir music from famous churches all over the world. It has been contended more elaborate programmes can be offered than it could present with its own reduced choir.

## An Interesting Collection

The trustees of Shakespeare's birthplace are collecting in the manorial barn at Wilmore, Stratford-on-Avon, a display of ancient agricultural implements mostly of local manufacture and craftsmanship. An appeal has been made for gifts of old-time farming tools to help to illustrate the agricultural life of Shakespeare's England.

Employer: "You are, I suppose, strictly honest?"

Applicant For Office Boy's Job: "Yes, sir—but at the same time I understand that business is business."

Nearly ten million narcissus bulbs were grown in British Columbia in 1931, while an equal number of bulbs of other species were also grown for the domestic market.

## Stamp Fraud Laid Bare

## Clever Machine Discovered In Britain To Defraud Government

Infra-red ray, the remarkable scientific discovery which enables the camera to penetrate fog and darkness, has been the means of unmasking an astonishingly elaborate fraud on the inland revenue.

It is understood that Scotland Yard has been investigating the matter secretly for many months past, and it has now become evident that many thousands of pounds are involved.

The conspiracy to cheat the exchequer has been worked with complete success for years by a clever gang, who have found a means of obliterating the cancellation marks on the stamps issued by the post office for the payment of income tax. Thousands of the stamped cards tendered by weekly wage-earners in payment of income tax have apparently been obtained by some means.

The stamps have been steamed off, subjected to a cleaning process which has removed every mark of cancellation, and then sold at half their original face value.

The inland revenue authorities had not the slightest cause for suspicion until months ago, when someone noticed that the stamps had peeled off one of the cards sent to Somerset House.

It was at first surmised that the gummer must be at fault. The cards and the stamps were sent to the firm concerned. The gum was analysed and found to be different from that they had applied.

Even then the fraud was not suspected, but when more and more examples of re-gummed stamps came to light, experts were consulted. They declared the stamps perfectly genuine, and the authorities remained mystified until some one suggested taking infra-red photographs.

Then the secret came to light. Numerous confessions have been obtained from income taxpayers who have admitted the purchase of stamps at half their face value from mysterious hawkers, and one after another of these hawkers have been found and interrogated, but the police have not been able to trace the released stamps to their original source.

## Suggests Food Budget

## U.S. Labor Department Gives Division For Every Dollar

Heavy purchasing of milk, vegetables and fruit "if you have very little money for food" was recommended by the U.S. Labor Department in a leaflet. How To Spend Your Food Money. The pamphlet proposed the following as the best division of every food dollar available: Milk or its equivalent, 25 to 30 cents; vegetables and fruits, 25 to 30 cents; eggs, lean meat and fish, ten cents; bread, flour and cereals, twenty cents; fats, sugar and accessories twenty cents.

Whalebone is not bone at all, but an elastic substance found in the mouths of whales.

Johannesburg, South Africa, is to have modern streamline street cars.

W. N. U. 1937

## DOMINION TO CONTINUE WITH RELIEF PAYMENTS

Ottawa, Ont.—Dominion contribution to direct relief in municipalities of Saskatchewan, Manitoba and Alberta will continue at 33 1/2 per cent, to December 31, under new agreements with the provinces, it was learned tonight.

In unorganized districts, the Dominion will continue to the end of the year to pay 50 per cent. of the cost of direct relief.

The contribution of the Dominion of the total cost of caring for single unemployed men up to a maximum of 40 cents per diem will be maintained.

The back-to-the-land—assistance policy is to be continued.

The agreement with the three prairie provinces will be drafted very much along the lines of the relief agreements which expired on March 31. The documents will shortly be submitted to the respective governments for signature.

Conferences between members of the Dominion government and western ministers have been under way for the past few days on the subject. Hon. M. A. MacPherson, Attorney-General and Provincial Treasurer for Saskatchewan; Hon. J. E. Brownlee, Alberta Premier; Hon. W. J. Major and Hon. W. D. Chubb, of the Manitoba Government represented the prairie provinces.

The whole situation of unemployment and relief was discussed in a series of conferences. Every phase of conditions was gone into and Major, Resulting from these parleys, agreements for extension of relief were reached.

## Fair Play To All

Radio Commission To Be Impartial At Election Time

London, Eng.—In the event of a general election the Canadian radio broadcasting commission will endeavor to see fair play is given all parties in the use of radio, though no definite regulations have yet been laid down, says Hector Charlesworth, in a letter to the London "Advertiser" replying to a request as to the attitude of the commission in a general election campaign.

While no definite regulations have been laid down, Mr. Charlesworth writes:

"I assume that when the time does arrive we shall adopt the same course as that of the British Broadcasting corporation and great United States networks, of asking parties to arrange among themselves how much time they desire so all may obtain fair play."

The sequence and extent of the B.B.C. campaign broadcasts is a matter of arrangements between the party whips at Westminster.

## Manitoba University

Board of Governors Planning Re-Organization Of The Staff

Winnipeg, Man.—In order that they might have a free hand in planning re-organization of the staff, governors of the University of Manitoba have requested the resignations of all teachers, and those employed on the administrative and operating staff of the university.

Services of the teaching staff will be terminated at the end of August, and those employed on the operating and administration staffs have been given their notice, effective June 30.

It is understood the government grant this year is insufficient to maintain the university for more than six months, and unless salary reductions and staff re-organizations are made, the institution would be forced to close in six months.

## Dean Still Pessimistic

London, Eng.—Dean Inge, whose gloomy pronouncements have made him world known, thinks England has seen the peak of her power. "I don't want to be other than hopeful about our future," he said, "but I certainly think that as a great power England culminated in the 19th century."

## Many From Western Canada

Quebec, Que.—Parties arriving from western Canada and the Pacific coast increased to almost 600 the number of members of the Oxford Group who attended the house party here. The latest came from Vancouver, Calgary, Regina, Edmonton, Winnipeg and parts of Ontario.

W. N. U. 1907

## Export Balance

Canada Shows Excess Of Exports Over Imports Of Large Figure

Ottawa, Ont.—Canada has an international trading corporation issued a balance sheet for 1932 operations, reporting a net export balance of \$623,000,000. Exclusive of capital movements, it showed an excess of exports over imports of \$72,000,000.

Commodity trade alone showed an export balance of nearly \$80,000,000. In the invisible trade column—tourist traffic, interest payments, etc.—there was an import balance of \$123,000,000. Deducting net gold exports of \$67,000,000 and the commodity export balance from the invisible import balance left a net export balance of \$623,000,000 for the year.

In net commodity trading, constituting deductions for settlers and other non-commercial imports, exports totalled \$496,275,000 and imports \$416,566,000.

Considering sale and purchase of securities, maturities and direct investments, the net credits to capital totalled \$23,000,000 which represented the country's net export balance for the year.

Security transactions represented an export total of \$150,000,000 and an import total of \$100,000,000. Maturities added \$75,000,000 to the import side of ledger. Direct investments totalled \$2,000,000 leaving the net capital outflow at \$23,000,000.

In issuing the statement, the Dominion Bureau of Statistics explained there were wide variations in the total debts and credits due to the necessity of estimating such items as tourist traffic.

## Arctic Murder Trial

Ekolimo In Coppermine River District Charged With Killing Native

Edmonton, Alberta.—The first murder trial since his appointment last year as stipendiary magistrate for the Northwest Territory, will be held at the mouth of the Coppermine River next month by J. M. Douglass.

At this hearing, an Ekolimo named Ah-Ig-lak, will be tried on the charge of having killed another native named Arnaauk. The crime, said to be another instance of the eternal triangle, was committed a year ago on the mainland, immediately south of King William Island.

According to police reports, the accused is alleged to have committed the crime through fear and jealousy. Arnaauk had made improper advances to Ah-Ig-lak's wife, it was claimed.

Owing to the remoteness of the northern posts, word of the crime was not received by the R.C.M.P. until some months after it occurred. Then Constable A. S. Wilson set out from Cambridge Bay and later arrested Ah-Ig-lak, who was a member of the Sherman Inlet Ekolimo, who are on Adelaide Peninsula.

Mr. Douglass will leave the city on June 13 for the north. He will travel by boat to Port Norman, at which point he will board an aeroplane for Great Bear Lake. At that point another machine will continue the flight to Coppermine River.

## Judge Stubbs Retired

Order-In-Council Is Passed By Ottawa Cabinet

Ottawa, Ont.—Dominion Cabinet passed an order-in-council retiring Judge Lewis S. George Stubbs, of Winnipeg. It did not name his successor.

The Ford report found Judge Stubbs guilty of misbehaviour on four separate charges. The order-in-council then says: "The commissioner has made specific findings of misbehaviour within the meaning of section 31 of the Judges act and that after very careful consideration of these findings and of all the circumstances and considerations appearing from the commissioner's report, the minister (Mr. Cahan) cannot avoid the conclusion that as the commissioner, whose ability and impartiality is unquestioned, has found his honor Judge Stubbs, guilty of misbehaviour in office, your excellency-in-council should forthwith give effect to these findings."

## Refuses To Arbitrate

Geneva, Switzerland.—League of Nations received a communication from Bolivia, which it, it was said, constituted non-acceptance of the league's proposal to settle the dispute with Paraguay over the Chaco by sending a commission to establish basis of arbitration.

## Broad From New Wheat

Grandfield, Okla.—Leaves of bread from this year's first wheat have been sent to President Roosevelt and Governor William Murray by air mail.

## HEIR TO THRONE DEPLORES POLICY OF ISOLATION

London, Eng.—The Prince of Wales told a distinguished Anglo-American gathering of the Pilgrims Society that the United States and Great Britain are now realizing "no country can prosper in isolation."

The heir to the throne introduced Robert W. Bingham, new United States ambassador to the court of St. James, to the 250 persons. The Prince paid tribute to the "strong lead" the new United States government has taken to end the depression.

The Prince of Wales said recent world conditions had caused "untold suffering, but citizens of the United Kingdom have renewed confidence and hope."

He plunged into the realms of economics and world affairs in his address, declaring "in the great catastrophe which has overtaken the world, America is realizing with Great Britain that under the present economic system no country can prosper in isolation."

He talked of the growing independence of nations and said "if the depression can teach us the vice of economic nationalism, then the great depression itself may prove the opening of a way to the ideal day when there will be no poverty."

The Prince stressed the importance of the disarmament conference and the coming world economic conference, saying the degree of their success may well depend upon the co-operation of the United States and Great Britain.

Mr. Bingham was given an unusually warm welcome when he rose to speak. The guests, including the Archbishop of Canterbury, stood and applauded before drinking Mr. Bingham's health.

Quoting a passage from Mr. Roosevelt's inaugural address, "The only thing we have to fear is itself," Mr. Bingham said "from the moment that inaugural address went out to the whole listening nation, the sombre clouds of despair began to lift, paralysis of fear was replaced with hope and courage and with uplifted minds and hearts the whole people accepted a leadership, bold, wise, statesmanlike and inspiring."

"What has happened since then is really incredible," he continued. "But what perhaps is of more importance to you is the phenomenal recovery which has been made which indefinitely enlarges the influence which the United States has to offer in behalf of world peace and world recovery and, also vitally important, the changed attitude on several subjects by the people of the United States through their misfortunes in recent years."

"This change must be understood by anyone who seeks to measure the future of the American government and the American people," he said.

Discussing what he described as a changed attitude of Americans, Mr. Bingham said: "I shall give you one concrete example. For years the majority of American people believed that the higher the tariff, the higher wages and the general level of prosperity in the country would be. Now they have learned the grim lesson that with the highest tariff the country has ever had, more than 13,000,000 people have no wages at all."

"By bitter experience they have

## MADE PREMIER

Hon. L. P. D. Tilley, who succeeds Hon. C. D. Richards as Prime Minister of the New Brunswick Legislature. The Conservatives chose Mr. Tilley to be Premier as Mr. Richards is to be appointed to the King's Bench Division of the Supreme Court of New Brunswick.

learned how unfounded this tariff doctrine is. They have learned how impossible it is to continue selling when they do not buy and they at last are prepared, through proper agreement, to lower tariff barriers so that international trade may begin to move again."

Mr. Bingham summed up the Roosevelt administration's foreign policy as that of "a good neighbor." He declared the message recently delivered in Geneva regarding neutrality "marked a definite departure from certain principles maintained by the United States since the nation was founded."

"It is a great step forward towards maintenance of the peace of the world," he asserted. "It does contain a reservation similar to the reservation retained by Great Britain in the Locarno Treaty. But, from my standpoint, I do not believe there is a 10-year-old child of average intelligence anywhere in the world who could fail, in event of war, to select instantly the aggressor."

"I do not now speak to you pessimistically," Mr. Bingham went on. "This is not time for pessimism but for faith and courage. But I am convinced our civilization is trembling in the balance. I do believe another general war will certainly destroy it."

"Moreover, I believe that civilization, as we have known and enjoyed it, cannot exist much longer unless the burdens which oppress mankind are lifted soon. In this, the great crisis in human history, I repeat I believe the foundation of hope of our world lies in whole-hearted concerted action between Great Britain, the great self-governing British Commonwealth, and the United States."

## Truce Has Been Signed

Combatants Arrange Formal Armistice In North China Warfare

Shanghai, China.—A formal armistice in the North China warfare has been signed by military representatives of China and Japan at Tangku.

The truce provides first for the demilitarization of the area bounded by the Great Wall on the north, the Peiping-Mukden Railway on the east, and the Peiping-Suiyuan Railway on the west. Second, the dissolution of the Chinese volunteer corps in this area; third, the resumption of rail traffic between Peiping and Shanghai.

## "EVERY NICE GIRL LOVES A SAILOR"

Earl Beatty, Admiral of the British Fleet, was photographed after he expressed interest in the dresses of the ladies who will take part in the colorful Greenwich Night Pageant held by the British Royal Naval College in June. The ladies are dressed in costumes of the early eighties.

## World Postal Union

Executive, In Session At Ottawa Settles Vexed Question

Ottawa, Ont.—The question of the amount to be paid countries carrying mail intermediaries from origin and destination has been settled by the executive of the World Postal Union in session here. It was agreed to recommend to World Postal Congress which meets in Cairo next year, a modest reduction be made in the amounts paid to carrying countries other than nations in which the mail originated or to which it was designed.

The practice has been a concern of the Union since its inception. Closer uniformity in postal rates was also agreed upon. The universal rate is theoretically 25 centimes in gold. The allowable deviation above this was recommended as being reduced from 50 to 40 per cent. The allowable rate is below 20 per cent.

The delegates here are preparing the agenda for the World Postal Congress to be held in Cairo next year and will be in session for more than six weeks.

## Central Wheat Production

Western Provinces Have Pledged Support To The Principle

Winnipeg, Man.—Governments of the three prairie provinces have pledged their support for the principle of curtailing wheat production or controlling exports for the purpose of stabilizing prices, and have offered to co-operate with the Dominion Government in achieving such an objective. The proposals are contained in a wire to Premier R. B. Bennett, forwarded by representatives of the three provinces this week.

The proposals particularly stressed the desirability of an agreement being reached at the World Economic Conference in London, England, before the wheat-exporting countries of the world, to become effective in the marketing of any crop handled after July 1 this year.

## Disease Is Depleting Herds

Strange Malady Killing Off Moose In Northern Manitoba

The Pas, Man.—A disease, unknown to trappers and Indians of the Grand Rapids country east of here, is killing off a large number of moose, according to word brought here by Valentine McKay. The malady has depleted the herds in the neighborhood of the head of Lake Winnipeg.

Caribou, on the other hand, have not suffered, according to bushmen. The caribou are said to be in good shape, and have plenty of feed. They are starting their northward migration, and many have been seen moving to summer feeding grounds during the past few weeks.

## HOPE TO REACH AGREEMENT TO LIMIT ACREAGE

London, Eng.—Hon. G. Howard Ferguson, Canadian High Commissioner in the United Kingdom and chief Canadian delegate to the wheat conference here, told the meeting that before committing his country to a policy of wheat acreage restriction, he must await the arrival of Prime Minister Richard E. Bennett, who is leaving Ottawa to attend the World Economic Conference opening June 12.

The threat to the success of the wheat restriction agreement, which is seen in the announcement from Sydney that Australia will not participate in an accord to limit acreage, failed to disturb the hopeful attitude of the delegates.

Stanley M. Bruce, the Australian High Commissioner, announced at the first formal session of the four-power conference that his government could not participate in a proposed international scheme for limiting production of the cereal.

The United States delegates are understood to take the view that Australia is bargaining for an arrangement whereby that country would not have to restrict production as drastically as Canada and the United States.

The harmony between Argentine and the other great wheat-growing countries which developed at Geneva in the earlier discussions, became more apparent here as the Argentine spokesman expressed his willingness to co-operate to the fullest extent in solving the question of world grain surplus.

## JAPAN PROVING A MENACE TO BRITISH TRADE

London, Eng.—Japanese competition in world markets is creating alarm. Industrial federations are passing resolutions calling attention to prevailing conditions and both sides of the House of Commons echo the uneasiness.

The government already has given notice of the withdrawal of the West Africa colonies from the Anglo-Japanese trade agreement. This was done to enable these colonies to give preference to British goods.

A special committee of the federation of British industries has submitted a report to the board of trade in which it is estimated that during the next 20 to 30 years Japan's population will likely increase by 15,000,000 to 20,000,000. Only a fraction of the report states can be fed out of Japan's domestic resources.

"It is inevitable," the report adds, "that competition must become increasingly intense. Depreciation of the yen has been deliberately used to embark on a reckless national sales policy with disastrous results to British and other traders in various markets of the world."

"It is inconsistent both with our own national policy of protecting British industry and the inter-imperial arrangements concluded at Ottawa that the Japanese competition should be permitted to continue unchecked in British and colonial markets without concerted action being taken to safeguard British interests in those markets."

In the House of Commons David Kirkwood, Scottish Labor member, asked what steps were being taken to protect British workers against the low-wage products of Japan. From the other side of the House Sir W. H. Davidson, Conservative member for South Kensington, declared that in Malaya, which previously was a British market, Japanese print goods were being sold at four cents a yard enabling Japan to supply 75 per cent. of the Malaya demand.

## Favors Gold Standard

Prof. Gregory Urges Return To Gold By Nations Of The World

Vienna.—Delegates to the seventh congress of the International Chamber of Commerce showed their first real burst of enthusiasm when Prof. T. E. Gregory, of Great Britain, urged the nations of the world to return to the gold standard. All attempts to manage a paper currency have only made a bad situation worse, Prof. Gregory declared. He said individual nations are timid about returning to gold because each fears others will make use of the opportunity to obtain special advantages.

"The way to overcome this fear, the British representative told the congress, 'is the same as overcoming fear of a lonely road—we must all take the road together.'"

Other speakers shared his views. E. H. Wadsworth, of Boston, Mass., warned the congress to remember that the gold standard really is "99 per cent. confidence and one per cent. gold."

Mr. Wadsworth said he would prefer to emphasize balancing budgets and restoring to its pedestal the old maxim, "as good as a government bond."

## Defective Ties Blamed

Raynes Park, Surrey.—A coroner's jury inquiring into deaths of five persons, including Roderick Duthie, 11, a Vancouver-born boy, killed in the derailment of a train here, returned a verdict of accidental death. The jury added a rider to the verdict, however, attributing the accident to failure in packing of the ties along the track.

## Seeking Trade With Russia

New York.—Trade discussions between the United States and Russia, looking toward an enlargement of the export market for American agricultural products, will take concrete form very soon. They will center largely on cotton and livestock—two of the Soviet Union's prime needs.

## Crop Conditions Promising

Ottawa, Ont.—Report on the prairie crop conditions issued by the Dominion Bureau of Statistics recently, declares that the spring season is generally reported as a little late but very promising. General soil moisture conditions are particularly good, perhaps the best since 1925.

Phone 23 Dry Goods, Shoes Phone 23Mr. and Mrs. W. T. Eddy, of Lund-  
breck and Calgary, announce the Em-  
press of their daughter, Hilda, to Mr.  
E. C. Brown, of Medicine Hat, on Fri-  
day, May the 2nd, in St. Stephen's  
church, Calgary. Ven. Archdeacon  
Tims officiating."J.W." in The Worker, states that  
children in Blaimore sing the "Red  
National" as a choice song in school.  
Let "J.W." go over and attempt to  
sing "God Save the King" in a Rus-  
sian school, and we're prepared to  
pay for his burial.

And now another
